The firm is newer, but has already gotten through the first year and is now thriving and exploding for the 2<sup>nd</sup> year. But it is still early as firms go. Although you can begin for free, (and get paid \$25 as a free member) you can earn up to \$4000 checks, and every amount in between. Here is the back-end high pricing of products that gets you enough cash flow to use paid PPC, while being free or very low cost on the front end so its affordable for all, with the ease and safety of gradual and seamless upgrades. This one is safe, and lets you upgrade at

your own leisure, only paying the difference when you upgrade. You can upgrade from profits. We teach you what you need to know for traffic to get you to the high levels. We show you how to drive traffic very inexpensively, even free. It is all set up with methods of traffic creation before you ever get to the PPC ads that I teach about and that I will show you. You will be in my downline and you will be my personal referral and I will show you exactly how I am doing it. When you are ready, and at the level to afford a healthy daily budget, I will show you how the PPC works, and you can become a \$1000-\$4000 a day marketer too. This one makes sense. I will allow you to follow my progress and see my techniques which anyone can do. You get paid giving away free websites, and you get much free training on driving traffic in the free back office. Much money can be made here. You risk nothing to sign in and look it over, but you can glean and collect great mentoring information. This is called, **Best Easy Work**. Look this one over, it costs you nothing to do that.

**Your free sign up, even if you pay nothing, gets you on my mailing list for mentoring helps on traffic and marketing.**

Keen PPC and mass marketing for traffic concepts are discussed. I will show you exactly how to do this when you join with me. This is over the top income. Go to <http://themfngroup.com/seletter.pdf> .
